

June 11, 2009

Having had the pleasure of knowing Heather for over a dozen years and working with her both as a broker for an international brokerage and as President of her own company she still occasionally surprises me with the depth of her knowledge.

Heather understands the shopping center business completely. Having a property management staff has acquainted her with all aspects of the myriad of issues between Landlords and Tenants, and she knows how to deal with both in a professional manner and is no-nonsense about it.

What I really admire about Heather is her discipline in acquiring new tenants. The fact that she continues to set aside time each day to cold call is extremely impressive.

Should you have any further questions regarding Heather and Sharp Commercial please do not hesitate to contact me.

Sincerely,

BD HOLDINGS, INC.

Bryan Holker
President
